

PROJECT LEAD

ST. JOHN'S – CLOSING DATE: MAY 16, 2018

COMPETITION NUMBER: NPJP-2018-16103

Are you ready to explore an exciting career in a fast-paced, high-performance environment?

If you are seeking a challenging and rewarding career with room for continuous advancement and a competitive compensation package, have we got an opportunity for you! We are looking for a highly motivated team player with a strong commitment to safety and customer service, an excellent work ethic, and effective interpersonal and communication skills.

As a valued member of the St. John's Regional Operations Team you will be responsible for: working together with various stakeholders in Regional Operations to coordinate engineering, procurement of materials and construction of capital projects; providing scheduling, prioritization and resourcing support; monitoring and managing budgets and deadlines; and, interacting with customers, contractors, internal resources, councils and other regulatory bodies to ensure timely and efficient execution of deliverables.

Qualifications include a degree in Engineering, diploma in Engineering Technology, or certification as a Power Line Technician with a minimum of 5 years utility experience. You must hold and maintain a valid motor vehicle driver's license. Proficiency with computer-based programs such as Microsoft Office and work management software is beneficial. You have excellent planning and organizational skills and are able to execute technical tasks with precise attention to detail. Experience or a certificate in project management is an asset. There is a residency requirement for this position, whereby your primary residence must be within 40 km of the Duffy Place office.

Apply online at newfoundlandpower.com/en/About-Us/Careers/Career-Opportunities. We thank all applicants for their interest but only those selected for an interview will be contacted.

WHENEVER. WHEREVER.
We'll be there.
